OF THE ASSOCIATION OF SCOUTS OF
FEDERATION OF BOSNIA AND HERZEGOVINA

**BORAČKO
LAKE**
**15-22.07.
2024.**

- INFORMATION KIT -

UNDER THE SAME ROOF

"UNDER THE SAME ROOF" describes the motivation of our members to leave the world better than they found it. At a time when adolescents and young people in Bosnia and Herzegovina and the region do not have the opportunity through regular formal education to visit and meet their peers across entity / state borders, scout camps become something special for them.

The biggest event for adolescents and young people in nature, represents a unique opportunity to get to know differences and overcome prejudices imposed by the current political situation. Is there a better place to hold an event "tailored to the needs of young people" than at the foot of the magical Prenj mountain and the beautiful beaches of Boračko Lake?

Jamboree dates: 15.07. – 22.07. 2024.

Venue: Boračko lake, Konjic, Bosnia and Herzegovina

KONJIC

The town of Konjic is located in the southwestern part of Bosnia and Herzegovina and borders the municipalities: Prozor-Rama, Gornji Vakuf, Fojnica, Kreševo, Hadžići, Kalinovik, Trnovo, Nevesinje, Jablanica and Mostar. The city of Konjic occupies a territorial area of 1,386.6 km² or 2.6% of the territory of Bosnia and Herzegovina, which has 34,500 inhabitants, settled in 175 villages and settlements, organized into 16 local communities.

The area of the town of Konjic extends from 270 m above sea level (the level of Lake Jablanica) to 2,155 m (Mount Prenj). In the Konjic area, there are mountain massifs: Prenj, Visočica, Bjelašnica, Treskavica and Vranica. The area of the town of Konjic is decorated with many rivers and lakes, with the pearly beauty of the Neretva River and the marvelous Rakitnica Canyon, as well as Boračko Lake and Lake Jablanica.

BORAČKO LAKE

Boračko lake lies at the northeastern foot of the Prenj mountain, at an altitude of 397 m. It is surrounded from the west by the steep and wooded heights of Crna gora (1343 m), and from the east by the heights of Tranjina (1055 m). The lake basin was created in Boračka draga by the process of glacial erosion. It is 786 m long and 402 m wide. Its area is 0.26 km². The length of the lake shore is 2.4 km. The lake is deepest in the southeastern narrow part - about 17 m, and contains approximately 2.5 million m³ of water, which, due to its bright green color, is transparent up to 8.3 m. The water is warmest in August (about 25 °C), and coldest in February (0 °C).

Boračko lake gets its water from Borački stream and numerous surrounding springs, which are also found at the bottom of the lake. The river Šištica flows out of the lake, which after a short course flow through a 6 km long and 60 m deep gorge into the Neretva river with a 30 m high waterfall.

Boračko lake is with its five scout centers: SIG Zenica; OI "Neretva" Konjic; OI "Stari Grad" Mostar; OI "Neretva" Mostar and OI "Radobolja" Mostar, for more than 60 years a gathering place for scouts and a place that numerous generations have marked with the refrain from a popular song " ...there, where love begins!"

3. JAMBOREE of SCOUT ASSOCIATION OF FBIH

We expect that the Jamboree of SIFBIH will be the biggest event for adolescents and young people in 2024, which will take place entirely under the open sky, in the embrace of nature. It will gather scouts from more than 100 cities and municipalities from BiH, the region, Europe and the world. We are particularly proud to point out that this Jamboree is the largest and longest event for young people and adolescents that has been organized in our country in the last 30 years.

The 3rd SIFBIH Jamboree will be a unique experience and XXL event for adolescents and young people that coincides with two important anniversaries:

- 25 years from the admission of scouts of Bosnia and Herzegovina to the World Scout Organization (WOSM); - 65 years from the 1st Meeting of the Association of Scouts of Bosnia and Herzegovina at Boračko Lake.

PARTICIPANTS

In order to be able to participate, you must be born between 01.08.2006. and 31.06.2014. If you were born before the first date, you have the opportunity to join as a patrol leader or contingent leader. OPEN NUMBER OF PLACES:

- For units from Bosnia and Herzegovina – 3 patrols per unit + 2 contingent leaders (patrol composition 9 participants + patrol leader).
- For units outside Bosnia and Herzegovina – 2 patrols per detachment + 1 contingent leader (patrol composition 9 participants + patrol leader).

Organizing a patrol or a contingent of several patrols is a special challenge. Each contingent should appoint a person who will be in charge of the entire organization, logistical preparation, review of news, communication with the organizer, arrival and departure of participants from the location, communication in front of the group with the organizer during the activity, etc.

Contingent leaders are people who have knowledge and skills in financial management, and special experience in organizing groups to participate in scout camps. The number of contingent leaders and patrol leaders is limited and correlated with the number of participants.

Number of Participants	Number of Contingent Leaders
do 29	1
30 +	2

PROGRAM ACTIVITIES OF JAMBOREE

Through mastering various program activities, all participants will have the opportunity to explore the beauties of Herzegovina and get to know some of the historical monuments and features of the town of Konjic, Boračko Lake and mount Prenj. Sleeping in million-star hotels, hanging out by the glow of a campfire, hiking, concerts, scout song festival, water activities, new friendships and many other surprises await our scout friends who decide to be part of the Jamboree.

ADVENTURE/ACTION

- Excursion to the Neretva
- archery
- zip-line
- sport climbing
- adrenaline park

CULTURE AND HERITAGE

- visit to the Wood Carving Museum in Konjic
- visit to the old stone bridge - a symbol of Konjic and Herzegovina

LOGISTICS SECURITY

NUTRITION

Food during the Jamboree will be organized within the camps, with the exception of Radobolja Mostar, where the food will be prepared in Zenica and delivered to the camp.

Participants of the camp Radobolja Mostar are obliged to bring cutlery with them.

Food is planned on the basis of seven full board meals with three daily meals.

Nutrition will be carried out based on the planned menu.

If the participants want a special diet for religious, health or other reasons, they must inform the Organizer of the Jamboree about it through the application form.

Obligations with regard to the quality of food, delivery of meals and camp operations in this regard are defined by the planned menu as well as the instructions that will be issued by the Jamboree Headquarters.

SANITARY SECURITY

Each participant of the Jamboree should undergo a medical examination before leaving for the Jamboree for their own safety and for the safety of their patrol. Also, if participant uses some of the medicines or gets allergic reactions to some of them, participant should highlight this in the application form for participants. Also, each participant must have their certified health card.

Each settlement will have its own medical service consisting of a team of doctors and nurses, an outpatient clinic and an inpatient unit. The sick or injured will first be treated by the attending physician, and if specialist treatment or hospital accommodation is necessary, the costs will be covered by the participant or his health insurance.

The Jamboree headquarters will pay special attention to the maintenance of the personal hygiene of the participants by providing a sufficient number of places for the maintenance of personal hygiene.

HYGIENE-EPIDEMIOLOGY MEASURES

1. Communal services - the organizer will provide a sufficient number of containers for selective waste disposal. It is strictly forbidden to dispose of food waste in municipal waste containers, but in specially designated containers.

2. Toilet facilities - the organizer will provide a sufficient number of toilets. Each facility will have a space for maintaining personal hygiene as well as a bathroom.

INFRASTRUCTURE

1. Water supply - the organizer will provide water supply that will be controlled daily.

2. Electricity supply – the organizer will provide electricity supply by installing distribution boxes in each camp according to valid standards.

3. Sewerage - the organizer will provide quality drainage of wastewater.

Scout Association Federation of Bosnia and Herzegovina

JAMBOREE SECURITY

The organizer will ensure the constant presence of members of the Ministry of Internal Affairs in the Jamboree site.

The organization of scout duty will be carried out by the Head of the camp and the Leader of the camp according to their plan and program (duty and fires). The security process continues continuously, from the beginning to the end of the Jamboree.

The organizer will hire an accredited security agency to secure the opening and closing ceremonies of the exhibition, concerts and public performances.
